Easton

PA 18042-

Dear Paul Petty

The LEW Corporation Training Program has completed its review of your course test and hands-on proficiency scores. I am pleased to inform you that you have met all the requirements set forth by the Environmental Protection Agency pursuant to 40 CFR Part 745. Enclosed you will find your certification card which will reflect an expiration date of 5 years from the date of successful completion of this course. LEW Corporation has taken the required steps of notifying the EPA of your course results. It is your responsibility to apply to the EPA for the required Firm Certification prior to performing renovations in Target Housing or Child Care Facilities for compensation. As a reminder, LEW Corporation will contact you via email before the expiration of your certificate so that you may schedule a refresher class for this course. Thank you for choosing the LEW Corporation Training Program and we look forward to serving you in the near future.

Thank you,

Derrick Fulcher
Training Program Manager
